#### "Rowing on the River"

#### Rochester's 63rd Memorial Day Boat Race By Kenneth J. Souza

Just as family vacations, outdoor barbecues, and beach-bound sunbathers are a sure sign that we're on the threshold of the summer season, the traditional Memorial Day Boat Race on the Mattapoisett River has become a milestone for the end of the winter doldrums since 1934. And this year was no exception.

Despite a mixed bag of weather over the long weekend, Monday morning brought warmer temperatures, peeking sunshine, and 82 registered boaters to the mouth of Grandma Hartley's Reservoir in Rochester at 8:30 in the morning to take the arduous ride down river to the Herring Weir off Route 6 in Mattapoisett. And once again the race also drew its fair share of onlookers, anxiously searching for their family members, friends, and neighbors to pass under the Old Arch Bridge and make their way down the home stretch.

An annual tradition, the race is open to persons of all ages and is limited to two persons to a boat. There are divisions for men, women, junior boys, junior girls, co-ed and a parent/child division (child to be under 14 years old). Junior division teams consist of both contestants under 14 years old. All boats must be hand-crafted and made entirely of wood and must meet certain specifications.

After the race, trophies and prizes were awarded to the winners in the following categories on Monday night (May 26) at Rochester's Memorial School:

• OPEN DIVISION (OVERALL) - First: Jeff Eldridge and Walter Gonet of Rochester (1:57:46); Second:

Adam Lawrence and Gifford O. Lawrence of Rochester (1:58:21); **Third**: Matt Pepin and Richard Barrows of Mattapoisett (1:58:39).

• JUNIOR BOY DIVISION - First: Adam Shoesmith and Robert Boyer from Acushnet (2:38:17); **Second**: Mike Olival and Will Rossi from Rochester (2:45:23); **Third**: Tom Dawicki and Padraic McQuillan from Mattapoisett (2:48:02).

• CO-ED DIVISION - First: Meredith Sherman and Bryan Sherman from Rochester (2:10:52); Second: Danni Kleiman and Henry Ducharme from Rochester (2:19:48); Third: Carolyn Gilmore and Richard Cutler from Rochester (2:21:48).

• PARENT/CHILD DIVISION - First: Ian MacGregor and Peter MacGregor of Rochester (2:09:10); Second: Haley Bentz and Ed Bentz of Rochester (2:21:58); Third: Tim Schuyler and Gary Schuyler of Mattapoisett (2:26:27).

• WOMEN'S DIVISION - First: Chris Cervelli and Rosalie Renauld of Rochester (2:22:23); Second: Johanna Lindberg of Marion and Samantha Meservey of Rochester (2:34:52); Third: Lindsay Moore and Amy Case of Rochester (2:24:49).

• OLD MAN RIVER - 79-year-old Charlie Nute of Carmel, ME, who placed 54th overall with a time of 2:48:38 with his partner, John Everett of Greenville Junction, ME. Mr. Nute competed in the first Rochester Memorial Day Boat Race in 1934 and has raced in many since.

# Picture-Perfect Rochester Announces Contest Winners

The Rochester Historical Society recently announced that Naida L. Parker and Lisa Rounseville Holden were the two first place winners in their first-ever Photo Contest. Ms. Parker's winning color photo was of an area of Eastover Farm and Ms. Holden's black and white photo was a snow scene showing the twist in the road at the former Rounseville Saw Mill with her grandparents' home in the background. One of these two photos will be selected to be placed on the cover of the 1996 Annual Town Report.

Helena Brown won second place color and Mary Pimental took third place color. Maria Pauline received second and third place in black and white photos.

The Rochester Historical Society wishes to thank everyone who participated in the photo contest. The 55 photos that were submitted for consideration depicted a diversity of local scenes in and around Rochester. Some of the many photo entries are presently on display at the Joseph H. Plumb Memorial Library.

On the cover: Rochester Town Clerk Naida L. Parker won first place in the recent Photo Contest sponsored by the town's Historical Society for this photograph of Eastover Farm. Ms. Parker's photo is a contender for the cover of the town's annual report. (Photo courtesy of Naida L. Parker).

After reviewing the results, committee spokesman David Ramos read several comments that were attached to the various surveys. Anonymous comments included: "I'm disappointed in the progress in the project. It's a waste of taxpayers' money." Also cited was: "Is the town prepared to be held responsible if someone is killed?" Mr. Ramos concluded that most comments agreed the repairs are long overdue, and they wanted to know how long the town will have to wait before something is done.

The Selectmen thanked the committee for their hard work in putting the survey together. Selectman Lambalot expressed his thoughts on behalf of the board. "We greatly appreciate the work already done and we will be moving forward within the next couple of weeks," he said. The next step will be to call the engineers in to look over the project. Then during a scheduled Selectmen's meeting, the issue will be discussed further.

The board next unanimously approved the minutes of the meeting held on Tuesday, May 20. Moving onto incoming correspondence for the week, the board received:

• A copy of the "Petition of Brandt Island Corporation to Amend Special Permit" was received for the Selectmen's files. This is an application by Brandt

shape for the summer," Chief Scott said.

In recommending Ms. Saraiva as a special police officer, Chief Scott noted that she is the first member of the Marion Police Department to have passed the new physical requirements under state law. "Ms. Saraiva has worked with the New Bedford Police Department and has over 300 hours of training," Chief Scott said. "And she passed all the physical requirements ... which are very difficult."

Chief Scott noted that Mr. Buckminster is a lifelong Marion resident who has been hoping to work for the Police Department for some time. "We decided to let him mature and are now ready to take him on board," he said.

Lastly, Chief Scott lauded Mr. Lamoureaux as "probably the best dispatcher" in Marion. "I've requested that Mr. Lamoureaux be brought in at the top salary level ... he is an exceptionally valuable employee and is the standard by which other dispatchers are judged."

Upon hearing Chief Scott's recommendations, the board unanimously voted to appoint all three to the Police Department for a one-year, provisional term effective June 1, 1997 through May 31, 1998. Chief Scott added that all future first-time appointments to the department will be made on a provisional basis for one year, meaning that anyone can be terminated for any reason during that first

The board also unanimously voted to appoint the following people to the town's Silvershell Beach Fireworks Committee: Alexander Brown, Victoria Croll, Jill Durkee, and James Fogarty. Chairman Schaefer noted that the committee is hoping to raise \$20,000 to fund the

When a fire call or alarm comes in, a tone will be sounded through the department's beeper system giving the location of the fire, and then the horn will sound. "The problem they've been having is that the horn sounds while the dispatcher is giving out the location," Selectman Dickerson said.

Resident Tyler Blethen wanted to know if this new procedure would delay response time in the event of a fire, but Selectman Dickerson advised that the call would still be sent out immediately by the dispatcher.

Jack Riordan of the Plymouth County Registry of Deeds next sent a letter to the board requesting their continued support of the county government system and to support the efforts of Senator Creedon in defeating a county abolition bill. Chairman Schaefer noted that the Marion Selectmen have drafted a letter which will be sent to Senator Creedon supporting the continuance of the county government system and their satisfaction with the Plymouth County structure.

The Marion Emergency Medical Services (EMS) sent a letter to the board advising that the following were elected as officers at their May 20 meeting: First Deputy Director Dale Thackeray, Second Deputy Director Joan Wing, Secretary Anita Waagen, Training Officer Sarah Bill, Maintenance Officer Jeff Habicht, Infection Control

Officer Everett Eaton, and Paramedic Coordinator Lee Dougall.

David P. Sampson, Superintendent-Director of the Upper Cape Cod Regional Vocational Technical School, next sent a letter thanking the board and the town for supporting the \$1.4 million bond issue to repair the school's roof and other maintenance. Mr. Sampson noted that the roof repair, HVAC control upgrade, and expansion of the Canalside Dining Room will proceed with the bidding process shortly.

There being no other matters to come before the board, they unanimously voted to adjourn for the evening at 7:33 pm.

#### **EARNEST MONEY**

One of the advantages of selling your home through our agency is the protection you receive. Take the offer to purchase. Hearing about it from the agent is exciting, but you'll want to be sure that it's a sincere offer. Nothing makes it more sincere than a sum of cash accompanying the written offer. That is exactly what we'll ask for.

This earnest money proves that the buyer means business and also serves as a source of damages should they back out for no good reason. You can expect to see safeguards written into the contract; that

their deposit will be returned if you, the seller, renege for no good reason, or if the buyer fails to receive the mortgage commitment, for example.

Taking your house off the market is a major concession in return for an offer to purchase. That's another good reason to be sure it is accompanied by earnest money. In fact, in many areas a contract must have consideration (earnest money) to be legally binding.

Call Bruce today with any of your Real Estate questions or needs. We're here to help!! 758-6738.

Converse's "The Moorings" is in essence a link between the past and the future. The spirit of Elizabeth Taber and, hopefully, that of some child to whom music could become a part of life, may be joined together in the rebirth of Marion's Music Hall. Those of musical talent, the kind that endures to live on from one generation to another, can in the restored Music Hall relight the candles that carry their glow so far into the years ahead.

As far back as 1862, Walter Johannes Damrosch was born to Leopold Damrosch of Prussia and as the son of a noted musician he followed in his father's path when, in 1925, he conducted the first symphony concert over the air in the USA. Several years later he joined the National Broadcasting Company and organized the NBC Music Appreciation Hour for school children.

Walter Damrosch, who lived until 1950, left a legacy of his gentle voice picturing each composer as a person and then the message in their music whereby the little children understood and learned to love what was in the composer's heart from the folk songs to the arias in opera. Perhaps that is the legacy Elizabeth Taber had in mind when she arranged for the Music Hall in her will.

Perhaps also the concert at the Converse's home will spark not only the need for chairs and curtains at Marion's Music Hall, but lead others onward toward filling the Music Hall with all the children of Marion that they may better share in the music of the operas and symphonies of life.

"And this shall be for music when no one else is

#### To the Editor:

Last night a special part of our family died. Our six-year-old Bassett Hound Bella was struck by a car. I realize that most people reading this letter will say she shouldn't have been in the road, and they are 100 percent correct. What isn't correct is that she was struck and left to die by someone who couldn't even take the time to knock on our door and tell us. I believe this driver would have had the same reaction no matter what was hit. Thank God

it wasn't a person riding a bike or walking. They too could have been left in the dark ... after all, no one except the driver saw anything.

We've lived on this road for almost 30 years and this is not the first animal we've lost to a driver. It is the first time a gutless coward couldn't take the time to say they were sorry or at least tell us our pet was hurt.

Please don't think that maybe they didn't realize they struck something. Ol' Bella weighed about 80 pounds and she never moved very fast. Cars on the straight stretch of the road in front of our house move very fast and carelessly.

One last note: we received Bella's tag in the mail today. Her tag number was 0706 ... perhaps the spineless swine that hit her plays the lottery. It's definitely not our lucky number.

Sincerely,

Pat Francis and family Mattapoisett

#### Tails and Trails Horse Club

The Mattapoisett Tails and Trails 4-H Horse Club had a very successful year. The club has a very diverse group of riders and horse lovers who have competed on many levels with their horses and horsemanship knowledge. The club has participated in breed shows including the Eastern States, State Show, Regionals, Marion Fourth of July Show, Dressage Competitions, Jumping Shows, Drill Team, and Eastern Competitive Trail Riding in states from Maine to Pennsylvania.

The club took the Challenge Trophy from Plymouth County for another great year in accumulating points at horse shows. Members also competed with their knowledge of horses in Horse Bowl and Hippology competitions at county and state levels. Molly Tetrault from Wareham and Meghan Martin from Mattapoisett made it to the States with Hippology and placed sixth on team. Colleen Cronin from Fairhaven went to States in Horse Bowl where she placed in the top ten. Several members entered a Horse Safety Poster Competition and showed their creative side.

Learning to judge horses in halter and under saddle is a large part of 4-H. This year, the group was pleased that four of their members comprised the team that represented Plymouth County at state-level judging. Megan Gurney and Christine DeMoranville from

#### **TICKS**

Last year, my dog got 10-20 ticks a day. How can I stop that from happening this year?

Your veterinarian may stock **Preventic** tick collars. These collars will minimize the number of ticks that get embedded in your dog. A new product called **Frontline** is available from your veterinarian as a spray or drops. **Frontline** will kill ticks, as well as fleas, on dogs and cats for a month.

How can I remove the ticks that he gets? Grasp the tick near its head with tweezers or a tick spoon and pull gently.

Can tick bites make my dog sick?

Unfortunately, ticks carry Lyme Disease and Rocky Mountain Spotted Fever, both of which are very common in this area. The most common symptom of these diseases in dogs is lameness.

Working Families. Through a Community Partnerships grant, the Old Rochester Regional School District has been able to assist families with working parents in paying for the care/education of their three- and four-year-old children.

During the fiscal year ending June 30, 21 young children and their families received subsidies based on a sliding scale, according to family income. Participating early childhood programs included Camp Massasoit, Little People's College, Circle of Friends, the Children's Depot, and Kerry Riggs, family child care provider.

Any families residing in Marion, Mattapoisett, or Rochester with children aged three or four whose parents are working at least part-time are eligible to apply. Families may choose from a number of local preschool programs, child care centers, and summer camps. The subsidy is available to families whose income falls below the state median income. This guideline offers assistance to a wide range of families. For example, a family of four may earn up to \$54,000 and still qualify for help.

For more information, please contact the Early Childhood Office at 748-1863.

#### Nature Walk in Rochester

The Wildlands Trust of Southeastern Massachusetts will sponsor a guided nature walk of the Rounseville Preserve in Rochester, not far from the bustle of the shopping plaza and ball fields in a shady woodland as tranquil and seemingly remote as any part of the rural Town of Rochester. The walk will take place on Sunday, June 1 from 1:00 to 3:00 pm at the Rounseville Preserve.

A bequest of the late Mrs. Winifred Rounseville in memory of her sons Ralph and Alden Rounseville, Jr., it was one of the family's original homestead parcels. Today its steep rolling topography is cloaked with tall white pines and shady hemlock groves. Several vernal pools are breeding grounds for spring amphibians, and a former

#### **Poverty Point Walking Tour**

Poverty Point, the oldest village settlement in Fairhaven, is the scene of the next Office of Tourism Walking Tour scheduled for Saturday, May 31 at 2:00 pm. The tour begins at the Old Stone Schoolhouse on the corner of North Street and Castle Avenue. Tourism director Christopher J. Richard will act as guide.

Originally known as Oxford Village, the Poverty Point area still has more than a dozen homes dating back to the 1700's. Many stories of the neighborhood's rich history will be told during the tour, including tales of Captain William Whitfield and Manjiro Nakahama, Mayflower passenger John Cooke, founder of the Seventh Day Adventists Joseph Bates Jr., and Joshua Slocum, the first man to sail around the world alone.

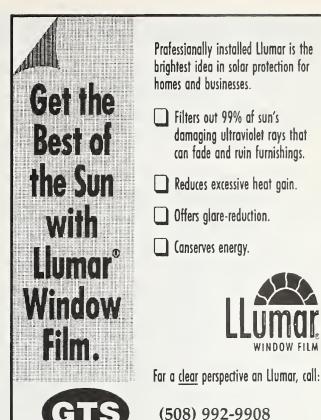

At the start of the tour, the public will get an opportunity to see the interior of the Old Stone Schoolhouse, which was the first public school in Fairhaven, built in 1828. The group will also detour off the usual route to take a closer look at the perennial gardens of the Coggeshall Memorial House. The walking tour lasts about an hour and a half. There is no charge.

To get to the Old Stone Schoolhouse, traveling north on Main Street from Route 6, turn right at North Street and proceed one block.

#### Spielberg's monsters prowl and stalk in darker Lost World

BY ROB GONSALVES

The Lost World: Jurassic Park. Starring Jeff Goldblum and Julianne Moore. Directed by Steven Spielberg. Running time: 134 minutes. MPAA rating: PG-13. At Cinema 8 in North Dartmouth.

The original *Jurassic Park* isn't Steven Spielberg's favorite movie, and it isn't mine, either. It had ingenious computer effects — I'll never forget the first, terrifying appearance of the T. rex — but it took forever to get going, and Spielberg's timing seemed to be off. He was too awestruck by his creations to deliver a fast, scary monster movie. Well, Spielberg has lost some of his awe. The Lost World is darker, funnier, and more visually seamless than Jurassic Park. It's Spielberg in fine form, getting down to good old primal terror.

One reason I prefer The Lost World is that Jeff Goldblum, a witty but underused supporting player in the first movie, is here pushed to the center, where he belongs. His Ian Malcolm, discredited and bitter after the debacle on Isla Nublar, is stunned to learn that a research team has been sent to the neighboring Isla Sorna, where the dinosaurs were first created. Among the researchers is Malcolm's paleontologist girlfriend Sarah (Julianne Moore), so Malcolm must plunge back into the nightmare. Goldblum's fearful cynicism is a great running gag; he can't believe he's going through this again.

Spielberg and writer David Koepp round out Malcolm's team with sharp casting choices. In place of the original's two bratty kids (who have cameos here), there's Malcolm's whip-smart young daughter Kelly (Vanessa Lee Chester). Vince Vaughn (Swingers) turns up as one of the researchers, and Pete Postlethwaite (In the Name of the Father) and Peter Stormare (Fargo) lead a team of dino-hunting mercenaries. Still, this is basically a boys' club; the usually quirky Julianne Moore gives the same eager, awestruck performance every other woman has given for Spielberg. (It happened to Laura Dern, too.)

The Lost World is Steven Spielberg in his ruthless cat-playing-with-a-mouse mode. A sequence involving a trailer dangling over a cliff (with our heroes inside) seems to be drawn out for the sheer bullying pleasure of toying with us. Spielberg ups the ante on every set piece in the original: two T. rexes instead of one, a gang of velociraptors instead of two (Spielberg comes up with a memorably scary image when the raptors stalk a hunting party through some tall weeds). The beasts are so relentless they're funny; like the shark in Jaws, they just keep coming at you. So does the director.

Some people (i.e. parents) have grumbled about the increased violence. The movie is no gorier than the first one, but Spielberg works with a borderline sadistic glee. He loves the apocalyptic spectacle of the T. rex bashing into cars or ripping people in half. Yet the creatures aren't evil; they're just big, hungry animals — morally neutral death machines. Spielberg has learned to stop worrying and love the raptor.

By the time a T. rex runs amok in the streets of San Diego, the movie has given up any pretense of plot or character. Not that it matters. The Lost World is a symphony of suspense and momentum — a perfect guilty pleasure. It isn't about anything but Steven Spielberg's hearty appetite for destruction.

"Not all stories are in books and not all stories are passed down orally," said Lisa Howard, Youth Services Librarian. "The storycloth is an illustrated visual experience on cloth." The storycloth is on display in the Children's Room of the Millicent Library. Fossils

Fossils are available to view in the Children's Room of The Millicent Library for the next couple of weeks. A variety of specimens from different periods will be on display. The oldest samples are crinoid stem segments from the Paleozoic period, 275 million to 330 million years ago. Also available to view are fern fossils from the Carboniferous period, which were found in an open pit coal mine in Pennsylvania. Additionally, the library is holding an example of a "Graveyard fossil" from the Devonian period. This fossil contains the remains of the muddy bottom of a shallow underwater

"Some fossils come from a time before the dinosaurs," said Lisa Howard, Youth Services Librarian. "It's amazing to think that we can handle them today." The library has lots of books on fossils and paleontology to stimulate the young enthusiast. To view the fossils or get help finding a book, stop by the desk of the Youth Services Librarian in the Children's Room at the Millicent Library in Fairhaven.

Emergency Forms

Too often an emergency arises which calls for immediate information on medications and medical problems. And far too often these facts are not available to EMT's or other emergency personnel. To avoid this problem, the Marion Council on Aging (COA) has made available to seniors an Emergency Form which should be placed in a conspicuous spot such as the refrigerator. Once it is filled out and posted it could become a life saver. Come to the COA office for this form or pick one up at the library.

## DO IT YOURSELF?

# You'll Have Only Yourself To Blame!

Installing a gas or electric water heater is a job for a licensed plumbing professional. Only your plumber can provide the expertise required to do the job right the first time and suggest the right water heater to give you years of trouble- free service and all the hot water you'll ever need.

We recommend energy efficient, versatile water heaters from Bradford White. They are the perfect choice for the value-conscious homeowner. Bradford White water heaters come with a 2-year parts warranty, the exclusive VITRAGLAS tank lining and your choice of a 5, 8, or 10-year product warranty. Bradford White and your licensed plumbing professional, the perfect combination for your peace of mind.
